If they do not, they are required to complete the Course Variation Form before the course start date and should defer their course by 14 days. Failure to do so will result in cancellation of their COE after 14 days from course start date.

Non-Commencement of studies can be due to various reasons:

- Delay in Student Visa being granted where student is outside Australia
- On-shore student choose to return permanently to their home country and not commence the course.

The Student Services Officer is required to notify the student in writing of the cancellation of their CoE once the action is taken

6.2.Termination of studies (non-resumption of studies)

The College may cancel a student's enrolment for any of the following reasons:

- Non-payment of fees
- Disciplinary reasons
- unsatisfactory course/attendance progress
- Student no longer holding a valid visa
- The College is unable to deliver the course

The Student Services Officer is required to notify the student in writing of the cancellation of their CoE once the action is taken

Termination of studies before the course is completed.

a) Termination of studies can be initiated by the student or the College, as outlined below:

- Where the student advises the College that they will not be continuing their studies with the College for various reasons such as a new visa or returning home country for good.
- Where the student does not re-enrol or attend their scheduled class on the recommencement day within 10 days of the course resumption following a scheduled term break or holiday, deferment or a suspension, it is considered an inactive notification by the student of the termination of their studies with the College.

b) Students deemed to have terminated their studies will have their enrolment cancelled for the reason of 'cessation of study'.

e) Students who return to study after cancellation of enrolment, will need to reapply for their course and pay applicable fees.

Change in the identity or duration of an accepted student's course

- Any request for course variation by the student will require them to complete the Course Variation Form.
- The Student Services Officer will make a decision on the course variation request in consultation with the Academic Manager and get approval from the Academic Manager
- Any course variation will be reported to Department of Home Affairs via PRISMS by the Student Services Officer within 5 working days.

The student will be informed by the Student Services Officer of the changes to their CoE and a copy of new CoE to be provided to the student via student email and copy to their agent if any.

6.4 Deferral or suspension of studies

Standard 9.2 of the ESOS National Code, states that the College may only extend the duration of the student's study where it is clear that the student will not complete their course within the expected duration (as specified in the student's CoE) as the result of one or more of the following circumstances:

- Where student has not passed the pre-requisite qualification prior to the subsequent course
- Where an international student is undertaking an intervention strategy because he/she has been deemed to be at risk of not meeting satisfactory course progress
- Where student has got approval from the College to defer or suspend their study for compassionate or compelling circumstances
- Where the College may also initiate suspension of a student's enrolment due to misbehaviour of the student.

Note - This Standard allows for three different outcomes for the student's Confirmation of Enrolment (CoE):

Outcome 1 – the College will notify the Department of Employment and Workplace Relations (DEWR) through PRISMS that it is deferring or suspending a student's enrolment for a period without affecting the end date of the CoE. In this case there is no change to the CoE or the student's enrolment status on PRISMS i.e. the student's CoE status will still be listed as 'studying'. However, the notice of deferment or suspension will be recorded in PRISMS and sent on to the Department of Home Affairs. This information will be kept for future reference.

Outcome 2 – the College will notify the DEWR through PRISMS that it is deferring or suspending a student's enrolment for a period which will affect the end date of the CoE. In such situations, PRISMS will cancel the original CoE and immediately offer the College the opportunity to create a new CoE with a more appropriate end date. If the College does not know when the student will return, it can choose not to create a new CoE at that point, but to wait until the student has notified the College of the intended date of return before creating the new CoE.

Outcome 3 – the College will notify the DEWR through PRISMS that it wishes to permanently cancel (terminate) the student's enrolment. Once this process is complete, the student's CoE status will be listed as 'cancelled'.

The following information is required to be reported via PRISMS within 10 working days when an enrolled student's studies have been suspended or deferred at the request of the student or by the College.

- The proposed duration of any deferment or suspension of studies
- The change to the proposed end date of the deferment or suspension of studies

Reporting on deferment or suspension of studies

- a. Any deferment or suspension of studies, whether initiated by the student or the College, will follow the procedure outlined in the Deferment, Suspension or Cancellation of Enrolment Policy and Procedure
- b. The Student Services Officer will ensure that records of all evidentiary and supporting documents for cancellation of enrolment are kept in the student file.
- c. The Student Services Officer will take the course variation request into consideration and consult with the Academic Manager within 5 working days when the request is received.
- d. A copy of this form will be maintained in the student's folder, saved in the SMS
- e. Upon receiving approval by the Academic Manager, the Student Services Officer will inform DHA via PRISMS of any student deferment or suspension within 5 working days of the deferment or suspension.
- f. Where a student requests an 'extension' to their CoE because the student or the College has identified that the student will not be able to complete their course of study by the Proposed Course End Date indicated on the CoE, the Student Services Officer will find the

CoE concerned and select the SCV report option in PRISMS, titled 'Student requests change to existing enrolment.'

- g. The student will be informed by student services officer of the changes to their CoE and email a copy of the new CoE and cc to their agent.

6.5 Breach of visa condition

Any breach of visa condition by an accepted student of a prescribed student visa condition should be reported via PRISMS as soon as practicable after the breach occurs.

If a student has breached a prescribed condition of a student visa, it is the responsibility of the College to send a written notice with intention to report to the student.

Reporting on breach of visa condition

- The College will monitor international student's course progress according to the procedure outlined in the Course Progress Policy
- In the case of reportable unsatisfactory course progress, the Student Services Officer will notify the Academic Manager of the breach of a student visa condition by email with all the details, which must be authorised by the Academic Manager.
- A copy of this email will be maintained in the PRISMS Report Folder, kept by the Administration Manager
- The Academic Manager will authorise the cancellation of the student's enrolment, as appropriate, and the Student Services Officer will inform DHA via PRISMS within 5 working days upon receiving the approval.

The Student Services Officer will immediately notify the student in writing of the cancellation of their CoE once the action is taken.

6.6 Providing information including contact details to PRISMS

When a student is enrolled at the College, the prescribed details according to paragraph 19 (1) (a) of the ESOS Act as listed below, will be provided via PRISMS within 5 days of the student's enrolment at the College:
